Final Note by the Second Member of Council.

—

Subject:—

Additional grant for the equipment, establishment and other charges of the Tuberculosis Sanatorium, Mysore City.

———

As the Tuberculosis Sanatorium, Mysore City, had to be opened soon after the Dasara of last year, sanction was conveyed, with His Highness' approval, on 15th October 1921 to the purchase of the necessary equipment at a cost of Rs.11,124/- and also to the recurring establishment and other charges to the extent of Rs.9,204/- and the Senior Surgeon was requested to submit a statement showing in detail the additional grant required for the Medical Budget to meet the total cost during the current year.

2. The Senior Surgeon has accordingly submitted a statement, showing in detail, the amount required during the current year as well as in future years, for the equipment, establishment and other charges of the hospital, from which it will be seen that a sum of Rs.15,560/- is required for the current year and Rs.10,318/- for future years.

3. As regards the source from which the expenditure required for the current year has to be met, the Senior Surgeon represents that it is not possible to find funds for the purpose from the normal grants of the Medical Budget. The only alternative left therefore, is to sanction an additional grant from the general savings, as already decided in the Council Resolution dated 21st September 1921, which has met with the general approval of His Highness.

4. The Financial Secretary, who was consulted in the matter, has however, recorded the opinion that savings less than the deficit are obviously unavailable for expenditure. But the Tuberculosis Sanatorium has come to stay and the expenditure required in connection with it is not an item that can possibly be deferred or avoided.

5. I, therefore, solicit His Highness' gracious approval to allot a special grant of Rs.15,560/- towards the equipment and other charges of the hospital for the current year and to provide a sum of Rs.10,318/- in the budgets of future years.

Dear Sir,

With reference to correspondence ending with your letter No.G.C.150-5 dated the 12th January 1922 in the matter of the establishment required for the Tuberculosis Sanatorium at Mysore, I am desired to point out that, in Government Order No.2317-8/Med.138-20-2 dated the 15th October 1921, you were requested to submit a statement showing in detail the additional grant to the Medical Budget required to meet the total cost including equipment, maintenance, staff &c., but you have so far sent up proposals mainly in respect of the Establishment required without giving details as to the amount required for the equipment and other charges for the Sanatorium. As it would not be convenient to deal with proposals piecemeal, I am to request you to be so good as to send up consolidated proposals for the orders of Government at your early convenience.

Dear Sir,

Your D.O. letter No.L.4172-Med.76-21, dated 26th instt.

As directed in paragraph 2 of G.O. No.E.2317-8-Med.138-20-7 dated 15th October 1921, detailed statement showing the total cost that is, recurring and non-recurring charges to be incurred in the current year was submitted to Government in this office letter No. C.1901-16, dated 29th October 1921.

Thereupon, certain objections were raised to certain items included in the "recurring charges" and the subsequent correspondence, naturally, had to be confined to this, and particularly to that portion of the recurring charges which relates to cost of Establishment.

As now desired by you a consolidated statement showing the additional grant to be sanctioned to the Medical Budget this year on account of the initial equipment and the maintenance of the institution during the current year is enclosed. A statement of the amount that will have to be annually provided in the future budgets of the department on account of this institution is also submitted for sanction, which may kindly be obtained and communicated at a very early date.

Yours sincerely,
